

Arredare giocando: con la collezione Fifties questo è possibile. I colori decisi, le forme particolari, le pins e gli inserti decisamente originali sono stati progettati per chi non ha paura di osare. Le superfici bombate creano morbidi effetti di luce, che accompagnati agli angoli arrotondati generano giochi ottici senza uguali. Furnishing by playing: you can do it with the Fifties collection. Its strong colours, particular shapes, pins and very original inserts are designed for those who are not afraid to experiment. The rounded surfaces create soft light effects and together with the rounded angles they produce unequalled optical effects.
